<b>Optional extras</b>	Bedding kit, 900 gallon waste tank, tank connector
<b>Delivery</b>	Three Deluxe Sleepers can be delivered on one standard articulated wagon, or our own wagon and trailer

The **DELUXE SLEEPER** from Bunkabin™ is made to a higher specification than the Original by the provision of a small fridge, microwave oven, larger en-suite, one or two full size single beds and more storage space. When used as a one man unit we can take out the bed on the right and replace it with a desk and a set of drawers.

This spacious unit has been designed with comfort and security in mind. Beds are longer and wider than the Original Sleeper and each has its own reading light. Heating is provided by an electric oil filled radiator and insulation ensures that the cabin is warm in winter and cool in summer. So that you can feel secure in your sleep, windows are double glazed with security glass and the solid core door is fitted with a security lock.

The Deluxe Sleeper is a cosy and welcoming place to live whilst staying away from home.
