

## TWIN SHOWER

**2 POWERFUL  
MEGA FLOW  
SHOWERS!**

Over 210 litres of mains pressure hot water

The **high quality** unisex shower facility

### The unit comes complete with:

<b>Shower</b>	Two shower cubicles. Each with a powerful stable mains fed shower with temperature control (NOT an electric instantaneous shower with fluctuating temperature), shower curtain
<b>Hot water</b>	210 litres of mains pressure hot water
<b>Furniture</b>	Two wash-hand basins, mirrors, seats and coat hooks
<b>Flooring</b>	Vinyl flooring

### Technical Information:

<b>Dimensions</b>	W: 2.864m L: 1.780m H: 2.830m (3.230m with tank)
<b>Electrical connection</b>	240V 32 Amp 2P + E Ceeform Blue Plug
<b>Min electrical load</b>	27 Amps
<b>Max electrical load</b>	27 Amps
<b>Waste water outlet</b>	41mm connection (can be fitted to a tank, see optional extras)
<b>Mains water inlet</b>	22mm
<b>Weight</b>	1,000 kg
<b>Optional extras</b>	900 gallon waste tank
<b>Delivery</b>	Seven Twin Shower units can be delivered on one standard articulated wagon, or our own wagon and trailer. Incidentally a Twin Shower unit can fit on a load with four original sleepers.

The **TWIN SHOWER** is split into 2 individual lockable unisex cubicles. Each cubicle includes the legendary energy efficient, Bunkabin power shower with a comfortable changing area.

To minimise the impact of increasing transport costs, a critical design factor was to maximise transport utilisation. On a single load we can fit 7 Twin Showers (14 separate showers). Another possibility is to fit a Twin Shower on an existing load of 4 Originals, effectively transporting it for free.

Connections to mains services couldn't be easier, a 32A Ceeform Blue Plug fitted as standard for electric, 15mm water inlet and 40mm waste outlet.
