

Bespoke Diner

Premium Specification • Building Regulations Compliant

The new Bespoke Diner from Bunkabin is a stylish, comfortable on-site catering and social facility, with a large dining table and breakfast bar – the perfect place for workers to dine, rest and relax.

The fully fitted kitchen has an integrated full size fridge, freezer, single-fan oven, four-ring electric hob and two microwaves, a six litre boiling water tap and an instantaneous boiler for hot water. Connections are built-in for customers own TV, washing machine and dryer.

The high quality and spacious interior is suitable for eight to twelve people, with a thermostatically controlled environment, heated by infra-red panels.

The Bespoke Sleeper comes complete with:

Fitted Furniture	Walnut style kitchen furniture with plenty of storage cupboards including a tall cleaning cupboard, dining table with relaxed comfy seating and a breakfast bar
Appliances	Double sink, electric hob, single fan assisted oven, 2 microwave ovens, boiling water tap, full size fridge and full size freezer
Heating	Thermostatically controlled environment heated by two ceiling mounted panel heaters
Flooring	Vinyl walnut wood effect flooring
